

Zoom Audio 'Use Original Sound' - iPad (Zoom 5.4.6)

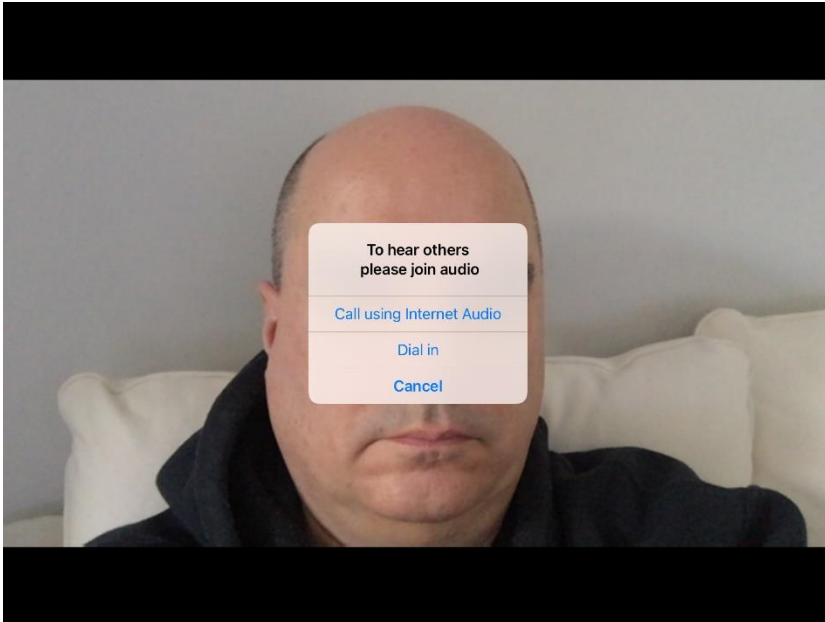

Select the Zoom App on your iPad. Tap the Settings cog in the bottom left corner.

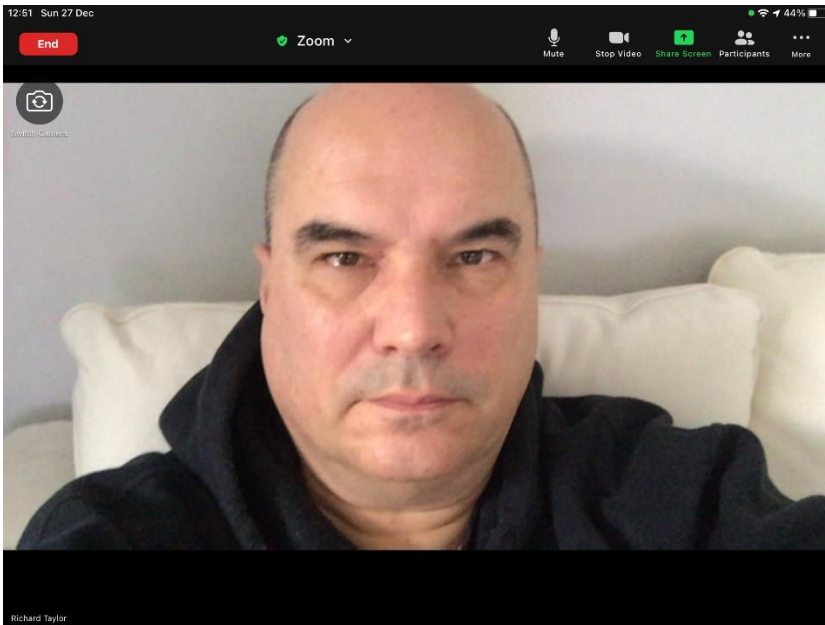

The following menu will appear. Select the first menu item, Meetings.

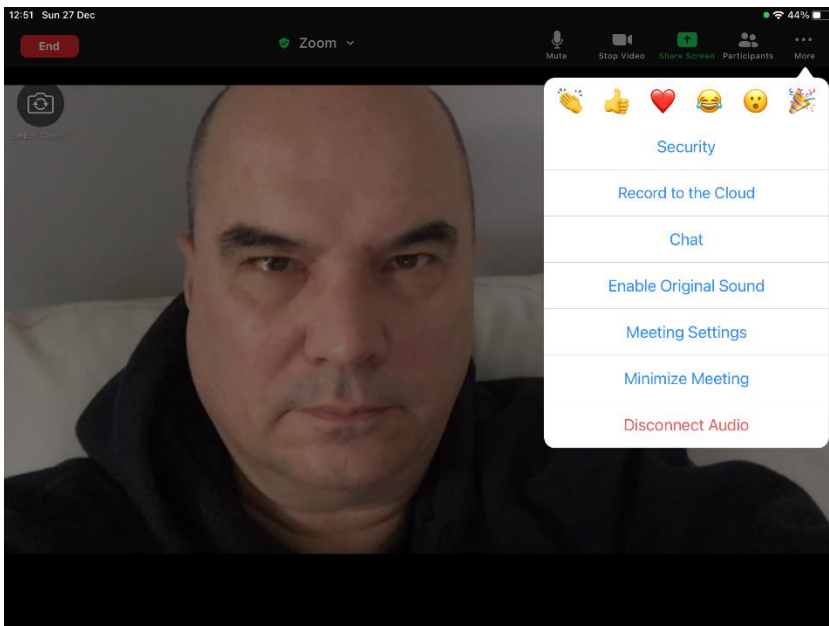

Scroll down towards the end of the menu to find the Use Original Sound setting. Slide the button to green.

When you next join a meeting this pop-up will appear. Select Call using Internet Audio.

Tap the main screen to view the control panel. Select ... More in the bottom right corner

From the new pop menu, select Enable Original Sound to complete the process and you're done.
